Bullying is not...

Falling out with friends - Its good to spend time with other people and make new friends

When something happens only once -

This is isolated but can still be dealt with

Accidents - Someone didn't mean to do it or know they were doing it

Misunderstandings - Sometimes we don't understand and need to ask for help or for it to be explained again

Bullying can be:

Physical – Pinching, pushing, slapping and breaking things

Emotional– teasing, laughing and joking in a mean way, saying mean things and name calling

Cyber – sending mean messages, nasty name calling on games and being unkind
