Each section provides answers to questions from the Parent/Carer's Point of View. The requirements for the SEN Information Report have been incorporated into this document, based on the latest draft version of *the Special Educational Needs (Information) Regulations* (correct as of May 2014). Questions providing information required as part of the Information Report Regulations are shown using the letters **IRR** (Information Report Regulations).

Identification

How will you know if my child or young person needs extra help? (*IRR*)

We know when pupils need help if:

Concerns are raised by parents/carers, teachers, or the pupil's previous school

Tracking of attainment outcomes indicate a lack of progress

Pupil observation indicates that they have additional needs in one of the four areas -

1. Communication and interaction
2. Cognition and learning
3. Social, emotional and mental health
4. Sensory and or physical

A pupil asks for help

A change in behaviour

Where children are underachieving and/or identified as having high incidence (low need) special educational needs, our school meets these additional needs in a variety of ways. We use a combination of approaches to address targets identified for individual children.

1. teachers scaffold learning activities as part of quality first teaching
2. preparation for new learning experiences and vocabulary development
3. low level, short term, evidence based intervention programmes
4. targeted additional adult group and, where appropriate, individual support
5. scaffolding of curriculum resources
6. SMART target setting
7. booster intervention groups
8. 1:1 support
9. Small group work

Equal access to extracurricular clubs and trips

Identification

What should I do if I think my child or young person needs extra help?

If you have a concern then please firstly discuss this with your child's teacher. We understand that working together can provide a broader insight into your child's needs. Your child's teacher will work with you and your child to discuss their needs are and how we can make adjustments to support your child throughout their school life. After this discussion you may then be contacted by our SEND Co-ordinator.

Where can I find the setting/school's SEND policy and other related documents? *(IRR)*

The website provides you with all relevant school policies and documents relating to provision offered to our pupils. Please visit <https://www.kingsfield.staffs.sch.uk/policies/>

Teaching, Learning and Support

How will you teach and support my child or young person with SEND? *(IRR)*

- All pupils will be provided with high quality teaching that is scaffolded to meet the diverse needs of all learners.
- Pupils with a disability will be provided with “reasonable adjustments” in order to increase their access to the taught curriculum.
- All pupils have individual curriculum targets set at least in line with national outcomes to ensure ambition. These are discussed with parents at events such as Parents Evenings and Weekly drop ins and pupils’ attainments to meet these targets are tracked using the whole school tracking system.
- Pupils who are failing to make expected levels of progress are identified very quickly and are discussed in termly meetings that are undertaken between the class and a member of the Senior Leadership team.
- Where it is decided that action is required to support increased rates of progress, this will follow an assess, plan, do and review model
- An individual assessment of the pupil will be undertaken in order to make an accurate assessment of their needs. Parents will always be invited to this early discussion to support the identification of action to improve outcomes.
- Additional action to increase the rate of progress will be then identified and recorded. This will include a review of the impact of the scaffolded teaching being provided to the child, and if required, provision to the teacher of additional strategies to further support the success of the pupil may be provided by the SENDCO.
- If a review of the action taken indicates that “additional to and different from” support will be required. The views of all involved including the parents and the pupil will be obtained and appropriate evidence-based interventions will be identified in a Personal Learning Plan(PLP), recorded and implemented by the class/subject teacher with advice from the SENDCO, at the same time parents will be informed that the school considers their child may require SEN support and their partnership sought in order to improve attainment.
- The PLP will identify a clear set of expected outcomes, which will include challenging and relevant academic and developmental targets (including for older children, and young people, targets around preparing for adulthood.) Progress towards these outcomes will be tracked and reviewed at least termly with the parents and the pupil.
- If progress rates are still judged to be inadequate despite the delivery of high quality interventions, advice will be sought from external agencies regarding strategies to best meet the specific needs of a pupil. This will only be undertaken after parent permission has been obtained and may include referral to:
 1. Children First Learning Partnership SEND Hub
 2. Moorlands SEND Hub
 3. Autism Inclusion Team
 4. Hearing Impairment team

6. Speech and Language Therapy
7. Autism and Sensory Support in Staffordshire (ASSIST) Post 16
8. Educational Psychologist Service
9. VIP Education Welfare
10. Social Services
11. CAMHS (Child & Adolescent Mental Health Service)
12. Trailblazers Support (CAMHS)
13. Physical and disability support service
14. School nurse

For a very small percentage of pupils, whose needs are significant and complex and the special educational provision required to meet their needs cannot reasonably be provided from within the school's own resources, a request will be made to the local authority to conduct an assessment of education, health and care needs. This may result in an Education, Health and Care (EHC) plan being provided.

For pupils who despite relevant and purposeful action taken to meet their special needs, fail to make expected levels of progress, the school or parents may consider requesting an Education, Health and Care assessment that will be undertaken by the Local Authority.

How will the curriculum and learning environment be matched to my child or young person's needs? *(IRR)*

- Teachers plan using information about the level their pupils are currently working at and differentiate work to closely match their interests, ability, learning needs and learning styles. When a pupil has been identified with special needs their work will be further scaffolded by the class teacher to remove barriers to learning and enable them to access the curriculum more easily.
- A teaching assistant may be allocated to work with the pupil in a 1:1 or small focus group to target more specific needs.
- If appropriate specialist equipment may be given to the pupil e.g. writing slopes, concentration cushions, pen/pencil grips or easy to use scissors.

Our Information Report for Special Educational Needs and/or Disability

Teaching, Learning and Support

How are the setting, school, or college's resources allocated and matched to children or young people's needs?

- The SEND budget is allocated each financial year. The money is used to provide additional support or resources dependant on an individual's needs. Provision may include:
- In-class support from teaching assistants
- Small group support from teaching assistants e.g. nurture groups, literacy and numeracy support
- Specialist support from teachers e.g. 1:1 tuition
- Bought in support from external agencies e.g. access arrangement assessment, speech and language support.
- Provision of specialist resources e.g. assessment software
- CPD relating to SEND for staff
- Further support or resources may be allocated to your child following assessments by school staff or outside agencies. (e.g. occupational therapy)
- Funding may be used to buy in specialist support (e.g. Dyslexic assessment)

How is the decision made about what type and how much support my child or young person will receive? Who will make the decision and on what basis? **(IRR)**

- The Head teacher will decide how the budget for Special Educational Needs is spent, in consultation with the school governors, on the basis of needs in the school.
- Decisions regarding support will be decided at joint meetings with the SEND Co-ordinator, class teacher and parents for pupils with SEND but without an Education Health and Care plan.
- For pupils with a statement of educational needs/Education, Health or Care plan, this decision will be reached when the plan is being produced or during the annual review.

How will equipment and facilities to support children and young people with SEND be secured? **(IRR)**

- Our facilities and equipment are regularly evaluated in relation to the needs of the students we have in school. Should it be necessary to have specialist equipment, these are generally met through the use of the school budget e.g. writing slopes, ear defenders etc.
- For more specific equipment there are a number of outside agencies who can be contacted to provide this equipment on a loan basis i.e. a Braille machine, specific chairs.

Keeping Students Safe and Supporting Their Wellbeing

How do you ensure that my child or young person stays safe outside of the classroom?

- Your child will be safely handed over to a member of staff on the gate each morning and dismissed to the nominated adult in person at the end of the day.
- Where a child may require additional support during break/lunch or transitional times, a nominated member of staff will be allocated.
- Risk assessments are carried out and procedures are put in place to enable all children to participate in learning outside of the immediate classroom environment.
- If a health and safety risk assessment suggests that an intensive level of 1:1 support is required a parent or carer may also be asked to accompany their child during the activity in addition to the usual school staff.

What pastoral support is available to support my child or young person's overall well-being?

We welcome and celebrate diversity. All staff believe that children having high self-esteem is crucial to a child's well-being. We have a caring, understanding team looking after our children. The school offers a wide variety of pastoral support for pupils.

These include:

- An evaluated Personal, Social, Health and Economic (PSHE) curriculum that aims to provide pupils with the knowledge, understanding and skills they need to enhance their emotional and social knowledge and well-being.
- Pupil and Parent voice mechanisms are in place.
- Members of staff are readily available for pupils who wish to discuss issues and concerns and suggest mindfulness and wellbeing activities
- Referrals to outside agencies such as Trailblazers and CAMHS

Keeping Students Safe and Supporting Their Wellbeing

- We take a pro-active approach to ensuring positive behaviour is maintained. Playground Leaders, assisted by staff, facilitate play opportunities during break/lunch times.
- Children, who may require intervention to maintain positive relationships at break times, can sit on the 'buddy bench' in order to receive support.

How will the setting, school or college manage my child or young person's medicine or personal care needs?

- If a pupil has a medical or intimate care need than a detailed Care Plan is compiled by the school in consultation with the school nursing service and parents/carers. These are discussed with all staff who are involved with the pupil. Pupils will be supported with their intimate care and personal needs, including dietary, where necessary.
- Where necessary and in agreement with parents/carers and the Headteacher, prescribed medicines are administered in school where a signed medication form is in place.
- All medicine administration procedures adhere to the LA policy and DfE guidelines included within Supporting pupils at school with medical conditions (DfE) 2014

What support is available to assist with my child or young person's emotional and social development? *(IRR)*

Keeping Students Safe and Supporting Their Wellbeing

What support is there for behaviour, avoiding exclusions and increasing attendance?

- Our Behaviour Policy can be found on the website in the policies section and promotes positive behaviour through the sharing and agreement of school rules and consistent and regular rewards, and where necessary, sanctions.
- A behaviour traffic light system in all classrooms ensures a consistent approach to behaviour management, regular feedback verbally and visually for all children and a flexible way of both celebrating success, challenging low level behavioural issues and also allowing pupils to reflect and improve their behaviour. This may, on an individual basis, be reasonably adjusted where pupils have a personal behavioural plan for their behaviour.
- Where pupils require additional behaviour support, a positive behaviour plan will be drawn up by the school, in consultation with parents/carers and any other involved external agencies. This will usually involve bespoke reward systems.
- Where support is required to increase a pupils' attendance, school will work closely with VIP Education, our education welfare service, and parents/carers to put strategies in place.
- The Education Welfare Worker organises attendance clinics on a group and 1:1 basis to support improvements within families where attendance is unsatisfactory, including in all cases where it is below 90%

Where can I find the Cheshire East Local Offer? *(IRR)*

The Staffordshire Local Offer can be found at

<https://www.staffordshireconnects.info/kb5/staffordshire/directory/localoffer.page?localofferchannel=0>

What can I do if I am not happy with a decision or what is happening? *(IRR)*

If at any stage as a parent/carer you are unhappy with the provision that we are making for your child, you should in the first instance approach the class teacher or the school's Special Educational Needs/Disability Coordinator (SENDCo). If this does not solve the complaint, then a parent should then speak to the Head Teacher who will discuss and advise the next steps. Should a complaint be made as a school we have a complaints policy, which can be obtained through the Admin office or on the school website <https://www.kingsfield.staffs.sch.uk/policies-2/> under the general policies section.

However, if a parent/carer disagrees with the contents of an Education, Health and Care Plan or a decision not to issue one, an appeal can be made to the first-tier Tribunal (Special Educational Needs and Disability) against decisions made by Local Education Authorities in England.
