## National Online Safety

In this week's national online safety assembly, we have been discussing healthy ways we can use technology and the internet. The children came up with 3 top tips that they could follow both at home and in school -

1. Set yourself a time of 30 minutes a day.

2. Make sure you are always using age - related games or websites.

If something upsets you or makes you feel worried always show it to an adult.

We were really impressed with the children's ideas and think these are brilliant rules for us all to follow!
